

Poltrona Wood

FIXED AUDITORIUM & THEATRE SEATING

Poltrona Wood is a fixed auditorium and theatre seat that combines refined timber detailing with built-in acoustic performance. It suits lecture halls, performance spaces, cinemas and other high-traffic venues where comfort and design matter.

The integrated acoustic front panel helps manage sound in busy interiors, improving clarity during events and presentations. Rich wood surfaces on the front, back and arms give Poltrona Wood a warm, crafted appearance that lifts the look of any space.

Comfortable upholstery and supportive seat proportions make it ideal for extended sessions in education and performance environments.

Perfect for lecture theatres, auditoriums and multi-purpose venues seeking quality seating with acoustic benefit and timber aesthetic.
