

PORTLAND STONE - XENOLITH

Suitable for internal and external use, we offer a diverse range of Compact Laminate tops.

We offer customisation of sizing, corner and edge profiles.

Material Properties

Xenolith is a premium line of compact laminate utilising the same materials with a greater thickness and coloured core composite. The unique coloured core allows for exposed ends with no join lines, matching the top colour of choice.

Compact laminate is the ultimate in long-lasting, low maintenance decorative panels, for the most demanding hard working environments. It has the following properties:

- Tough and durable
- Smooth, stone-like surface texture
- Matching coloured core
- Attractive colour finishes
- Impervious to water
- Outstanding stain and wear resistance

PAIRING IDEAS FOR COMPACT LAMINATE TABLE TOPS

Compact laminate table tops suit hospitality and commercial interiors where easy cleaning and consistent finishes matter. Pair your top with a stable base that matches the size and venue traffic to reduce movement and improve durability.

- Hospitality-ready
- Easy cleaning
- Many sizes
- Many finishes
- Fit-out friendly

Why Choose Compact Laminate?

Compact laminate is a practical surface option for cafés, restaurants, clubs and workplace dining areas. It offers a consistent look across batches and simple day-to-day maintenance. For larger tops, choose a base with a wider footprint to improve stability.

Best for: cafés, restaurants, clubs, workplace dining

Maintenance: wipe-clean, low effort

Look: consistent finish across batches

Pairing: match base size to top size

Recommended Bases for Compact Laminate

These pairings point to the correct base products. Share your top size and application and we'll confirm the most stable option.

Care & Maintenance for Compact Laminate

Simple care keeps your table tops looking consistent in high-traffic hospitality environments.

Daily cleaning: Wipe with a soft cloth and mild detergent.

Avoid: Abrasive pads, harsh solvents and bleach-based cleaners.

Heat: Use trivets for hot cookware and avoid prolonged direct heat.

Spills: Clean promptly to keep the finish consistent.

COMPACT LAMINATE TABLE TOP FAQs

Answers to common specification questions for hospitality and commercial projects.

What is compact laminate?

Compact laminate is a high-pressure laminate made from layered kraft paper and resin. It creates a dense, durable surface suited to hospitality and commercial interiors.

Is compact laminate suitable for cafés and restaurants?

Yes. Compact laminate suits high-traffic hospitality venues because it offers strong everyday durability and simple maintenance.

Are compact laminate table tops waterproof?

Compact laminate is moisture resistant and performs well indoors. For outdoor or exposed applications, confirm detailing and base selection with our team.

What thickness options are available?

Many compact laminate table tops are supplied around 10–13mm depending on the specification and intended use.

How do I choose the correct table base?

Match the base footprint to the top size and venue traffic. Larger tops typically require wider bases to improve stability and reduce movement.

What sizes are available?

Sizes vary by range. If you share your required dimensions and seating layout, we can confirm the most suitable top size and base pairing.

What is the typical lead time?

Lead time depends on finish selection, quantity and stock availability. Send your requirements and we'll confirm current lead time for your project.
