

#### RADIUS

Radius is a series of recycle bins that stay in place and are easy to empty. The bins connect to each other as desired for different recycling configurations. The Radius Series of solid metal accessories are designed with Green Furniture Concept seating in mind, but also work very well as stand-alone products.

Radius is designed and manufactured by Green Furniture Concept, and distributed exclusively to airports throughout the Americas by Arconas.

### **About Auweko**

Auweko is a leading German manufacturer of waste and recycling containers. Since 1993 Auweko has developed, produced, and distributed a collection of systems for waste and reusable materials that unite form and function in every detail. These containers are made from high-quality, durable, stainless steel, are weather and vandalism resistant, and easy to maintain.
