

Randa AR

Going upwind, Randa makes us settle outdoor and enjoy all seasons in perfect comfort. Randa is a collection of seats that finds perfect application in contract use thanks to the mechanical strength of the steel-tube frame. The use of nautical rope and outdoor treatments provide moisture, salt and UV rays resistance, necessary for outdoor use. The linearity and lightness of weavings give a light and fresh appearance to the seats, perfect for relaxing in the outdoors. They also provide Randa with a beautifully relaxing look indoor, in all seasons.

Armchair with painted steel frame, nautical high performance rope woven seat and back.
