

#### RANDA

Going upwind, Randa makes us settle outdoor and enjoy all seasons in perfect comfort. Randa is a collection of seats that finds perfect application in contract use thanks to the mechanical strength of the steel-tube frame. The use of nautical rope and outdoor treatments provide moisture, salt and UV rays resistance, necessary for outdoor use. The linearity and lightness of weavings give a light and fresh appearance to the seats, perfect for relaxing in the outdoors. They also provide Randa with a beautifully relaxing look indoor, in all seasons.

Stackable chair, painted steel frame, nautical high-performance rope woven seat and back.

Stackable chair, painted steel frame, nautical high-performance rope woven seat and back.

BRAND

**armmet**

Arrmet's seats and tables feature in some of the world's leading restaurants and hospitality venues, infusing spaces with an unrivalled sense of Italian style. The Italian manufacturer's unique fusion of craftsmanship and industrialisation results in pieces that are equally functional as they are attractive.
