

# Rosa Chair

---

The Rosa is a unique contemporary designed chair moulded in a single piece of tough polyester resin. Stackable and hardwearing, the Rosa chair will provide the comfortable and economical solution for bistros, function venues and office breakout areas. Made from UV resistant polypropylene with glass fibre using gas assisted injection moulding technology, and easy to keep clean.

Material: Fibreglass polypropylene  
Suitability: Internal and External (UV ADDITIVES)  
Stackable: Yes
