

# Seamless Bar Seater

---

The Seamless Bar Seater by Green Furniture Concept is a modular seating solution to complement the Seamless Table.

Ingeniously designed, the Seamless Bar Seater requires no bolting points to remain stationary, ensuring a sleek and clean aesthetic. Both the table and the Seamless Bar Seater can be scaled to fit any surrounding space perfectly. Within each module, choose between seats in two distinct sizes and a variety of shapes, enabling countless configurations.

Ascent's gentle curves, smooth textures, and sustainable wood also contribute to creating a warm and welcoming atmosphere that encourages passengers to sit down and relax.

Hospitality Furniture Concepts is the exclusive distributor of Green Furniture Concept for airports and passenger terminals in Australia.
