

Setz

Flexible. Sturdy. Resilient.

With ergonomics top of mind, Setz is available in a variety of colours with full, partial or no upholstery. It can be installed in single rows or in back-to-back configurations, with or without arms and tables. Setz is smartly conceived and exceptionally priced. Its all-steel construction means durability and easy maintenance. The Arconas name means extraordinary quality.

Setz™ passes the most rigid fire standards in North America CAL 133 and in Europe (British Standard-5852).
