# Skala Lounge

The Skala lounge range brings comfort to the indoor or outdoor commercial environment, its depth and width make it the ideal place to relax.
Its fully upholstered design signifies unity and consistency. The upholstery is both light and weather-resistant. Because the Sunbrella® fabric – by the world's leading outdoor textiles specialist, Dickson – is water-repellent, stain- and UV-resistant, and machine-washable.

The Skala range is fully modular and can be rearranged with convenience. The back rests are also adjustable.
