

Sola 1330

SIMPLICITY. STRENGTH. LONGEVITY.

The Sola 1330 is a single waste unit designed for both indoor and outdoor environments. Its clean architectural form and durable materials make it ideal for shopping centres, streetscapes, and public precincts.

Built from powder-coated steel or stainless steel, and finished with timber or aluminium slats in Tasmanian Oak, Blackbutt, Spotted Gum, or custom stains, the Sola 1330 delivers timeless design with long-term performance. Each unit includes a 90 L polypropylene liner and optional bolt-down tabs for secure installation.

SPECIFICATIONS
