

SOLIS BAR TABLE S510 (MARBLE)

The **Solis** collection of table bases is defined by a timeless, minimal silhouette engineered for modern residential, commercial, and hospitality environments. Its four cylindrical stainless steel legs rise at a gentle angle before meeting within a central structural shell, creating a clean, architectural profile suited to a wide range of tabletop materials and interior styles.

Crafted with durable, high-quality materials, Solis balances lightweight visual clarity with the stability required for high-traffic settings, making it ideal for cafés, restaurants, workspaces, and contemporary homes. The inherent material weight reinforces its refined geometry, ensuring long-term performance without compromising its understated aesthetic.

Available in three height options and compatible with multiple tabletop pairings, the Solis base adapts seamlessly to dining, bar, and occasional table applications. Its versatile design supports stone, timber, composite, and HPL surfaces, offering designers and specifiers a flexible foundation for cohesive interior schemes.
