

# Trail Bar Table

The Norock Trail Bar self-stabilising table base exemplifies modern simplicity. The linear, clean design and concealed componentry complements a robust construction for use in any setting.

With a special zinc coating, Trail Bar is suitable for both indoor and outdoor applications.

Self-stabilising table base - Norock's award-winning bases use a simple mechanical system with four pivoting legs that are interconnected in such a way that they must reach an average weight loading on all four feet. When a table is placed on an uneven surface the feet will move until all four feet reach a state of equilibrium or more simply, a state of stability.

Zinc Plated Powder Coated Steel

Finishes : Powdercoat Metallic Silver, Sandstone Black, Rust, Antique Bronze, White
