

TRIPÉ BAR

Tripé is the new extraordinary three-spoke table, because it offers an organic project in which functionality, minimalism, and recognisability find the right synthesis. The steel base with die-cast aluminium junction is in fact not a traditional monobloc, it is made up of several elements that can be diversified and replaced according to need. An industrial project attentive to the economic component, it is a truly flexible and multifaceted system that gives life to a line of tables and complements of various shapes and sizes, ideal for the home and public areas.
