

Tuk Armchair B-1

Tuk is a collection that was created primarily for public spaces. A key feature of the Tuk family is the hexagonal panels that make up the bucket structure. They can be seen in the forms of the backrest, armrests and seat. The geometric, slightly rounded shape evokes associations with the modernist style of the '60s and '70s. The B-1 is the basic model in the extensive TUK collection. Its entire usable area has been upholstered to provide greater comfort of use.
