

VERISSIMO

Inspired by the connection between architecture, furniture, and nature, this collection of aluminum planters has been designed to create green ecosystems in all kinds of spaces—from warm, organic environments to minimalist and refined interiors—suitable for both residential settings and contract projects.

The collection is structured around two essential elements: heads and bases, which can be combined to create a wide variety of configurations. Additionally, the option to choose from different combinations within a carefully curated range of colors further expands the aesthetic possibilities. Its broad range of volumes allows for planting anything from small ornamental species to larger vegetation.

BRAND

Systemtronic

Systemtronic is a Spanish brand recognised for its refined approach to functional design. Established in Valencia, the company creates furniture and accessories that balance simplicity, practicality, and visual harmony — ideal for offices, hotels, and public environments.

Every Systemtronic product is made in Spain using high-quality materials such as aluminium, steel, and timber veneers. The brand focuses on clean lines, modularity, and adaptability, ensuring each piece integrates effortlessly into contemporary spaces.

Systemtronic's collections include coat stands, planters, shelving, and accessories that support flexible and well-organised interiors. Their designs promote calm, efficient, and welcoming environments — where function and form work seamlessly together.

Hospitality Furniture Concepts proudly represents Systemtronic in Australia, offering architects and designers access to timeless European design tailored for commercial and public spaces.
