

VITO STOOL

Stool with painted steel frame, stainless steel footrest and solid ash seat.

Designed by Atelier Studio Borella for Area Declic, VITO traces the concept of a stool thousand uses: work, leisure, community, home. The simple and rigorous design expresses the stool rationality par excellence, with all its usability, robustness and simplicity. VITO is the reinterpretation of a timeless ideal subject for a young and dynamic environment. The stool has metal frame and solid wood seat or lacquered MDF, the stainless steel footrest ring guarantees a good stability and wear resistance while the central screw adjusts the height (65 / 75cm). The industrial style of this stool is perfected by monochrome and color chosen by Declic to meet as many as possible of furnishing concepts.

Dimensions

Width 480mm | Depth 480mm | Seat Height 650mm - 750mm

ADDITIONAL INFORMATION

BRAND

armmet

Arrmet's seats and tables feature in some of the world's leading restaurants and hospitality venues, infusing spaces with an unrivalled sense of Italian style. The Italian manufacturer's unique fusion of craftsmanship and industrialisation results in pieces that are equally functional as they are attractive.
