

CORSA WAITER STATION

The Corsa Waiter Station is a mobile service unit designed for efficient front-of-house use in commercial hospitality environments. It suits cafés, stadiums, lounges, and workplace hospitality areas where service flow and presentation matter.

A raised rear panel helps contain equipment and keeps the station visually clean when placed in open spaces. The flat work surface supports beverage dispensers, trays, or small service equipment used throughout the day.

Enclosed lower cabinetry provides organised storage for glassware, consumables, and service items, helping staff work quickly without clutter.

Mounted on castors, the Corsa Waiter Station can be moved as required and secured during service. The durable matte finish is built for daily commercial use and integrates easily into contemporary interiors.

FREQUENTLY ASKED QUESTIONS

Is the Corsa Waiter Station suitable for commercial use?

Yes. It is designed specifically for commercial hospitality environments and built for daily service use.

Can this waiter station be customised?

Custom finishes and configurations may be available depending on project requirements.

Is it suitable for stadium or event venues?

Yes. Its mobile design and enclosed storage make it suitable for stadium hospitality and high-volume environments.

Do you supply waiter stations across Australia?

Yes. We deliver commercial hospitality furniture projects nationwide.

COMMERCIAL WAITER STATIONS DESIGNED FOR EFFICIENT SERVICE

The Corsa Waiter Station is a purpose-built commercial service unit designed for restaurants, cafés, stadiums and hospitality venues requiring organised front-of-house storage. Its mobile format allows staff to reposition the station during peak service periods, improving workflow and reducing congestion.

Featuring enclosed cabinetry, drawer storage and a durable laminate finish, Corsa is suited to high-traffic hospitality environments. It can function as a waiter station, host station, service console or café storage unit depending on layout requirements.

Ideal For:

- Restaurant dining rooms
- Café interiors
- Hotel service areas
- Function venues
- Stadium and event hospitality
