Altitude

Modular Lounge

Altitude

Modular Lounge

Seat and back are manufactured using one piece of high density moulded foam.

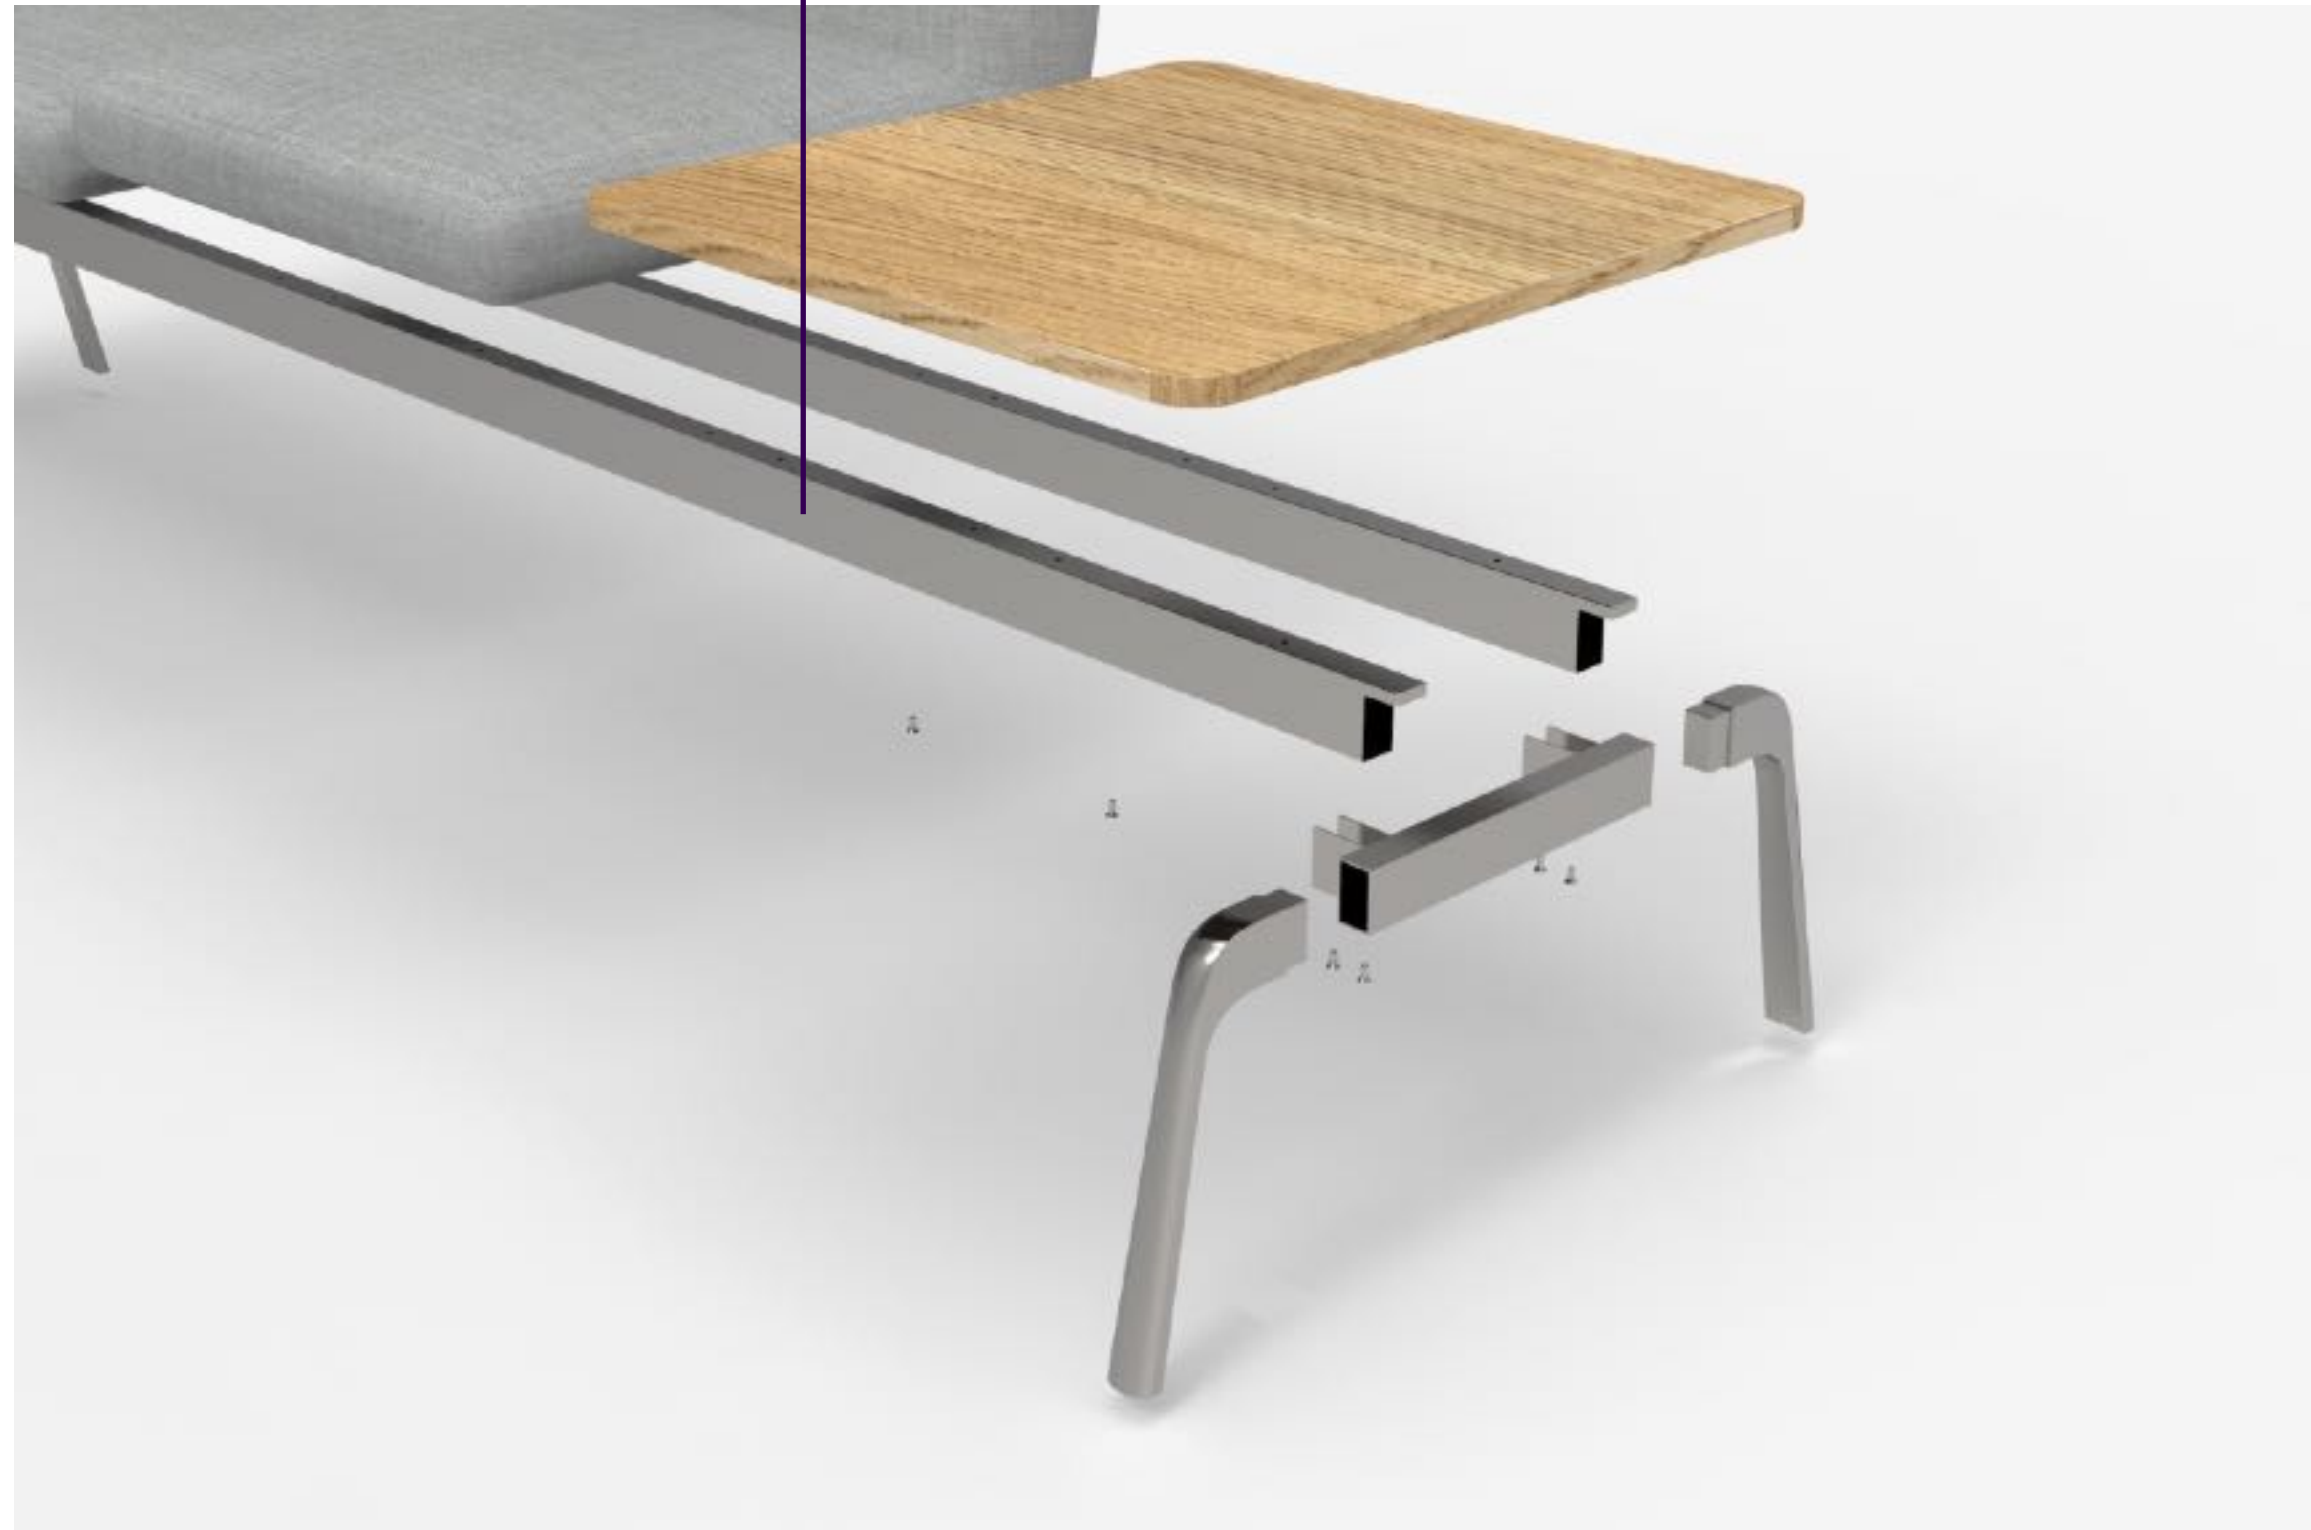

Minimising debris build up over separated seat/back design.

Modular Configuration

Future proof

The modular beam design allows to re-arrange existing modules, or add on. Allowing for changes over time.

Endless configuration,
endless opportunities.

Altitude

Modular Lounge

Altitude

Modular Lounge

Back to back module

Ensuring precise and unmovable space is kept between seats

Acoustic Panel

Possibility to utilise timber casket, or acoustic panelling between the seats.

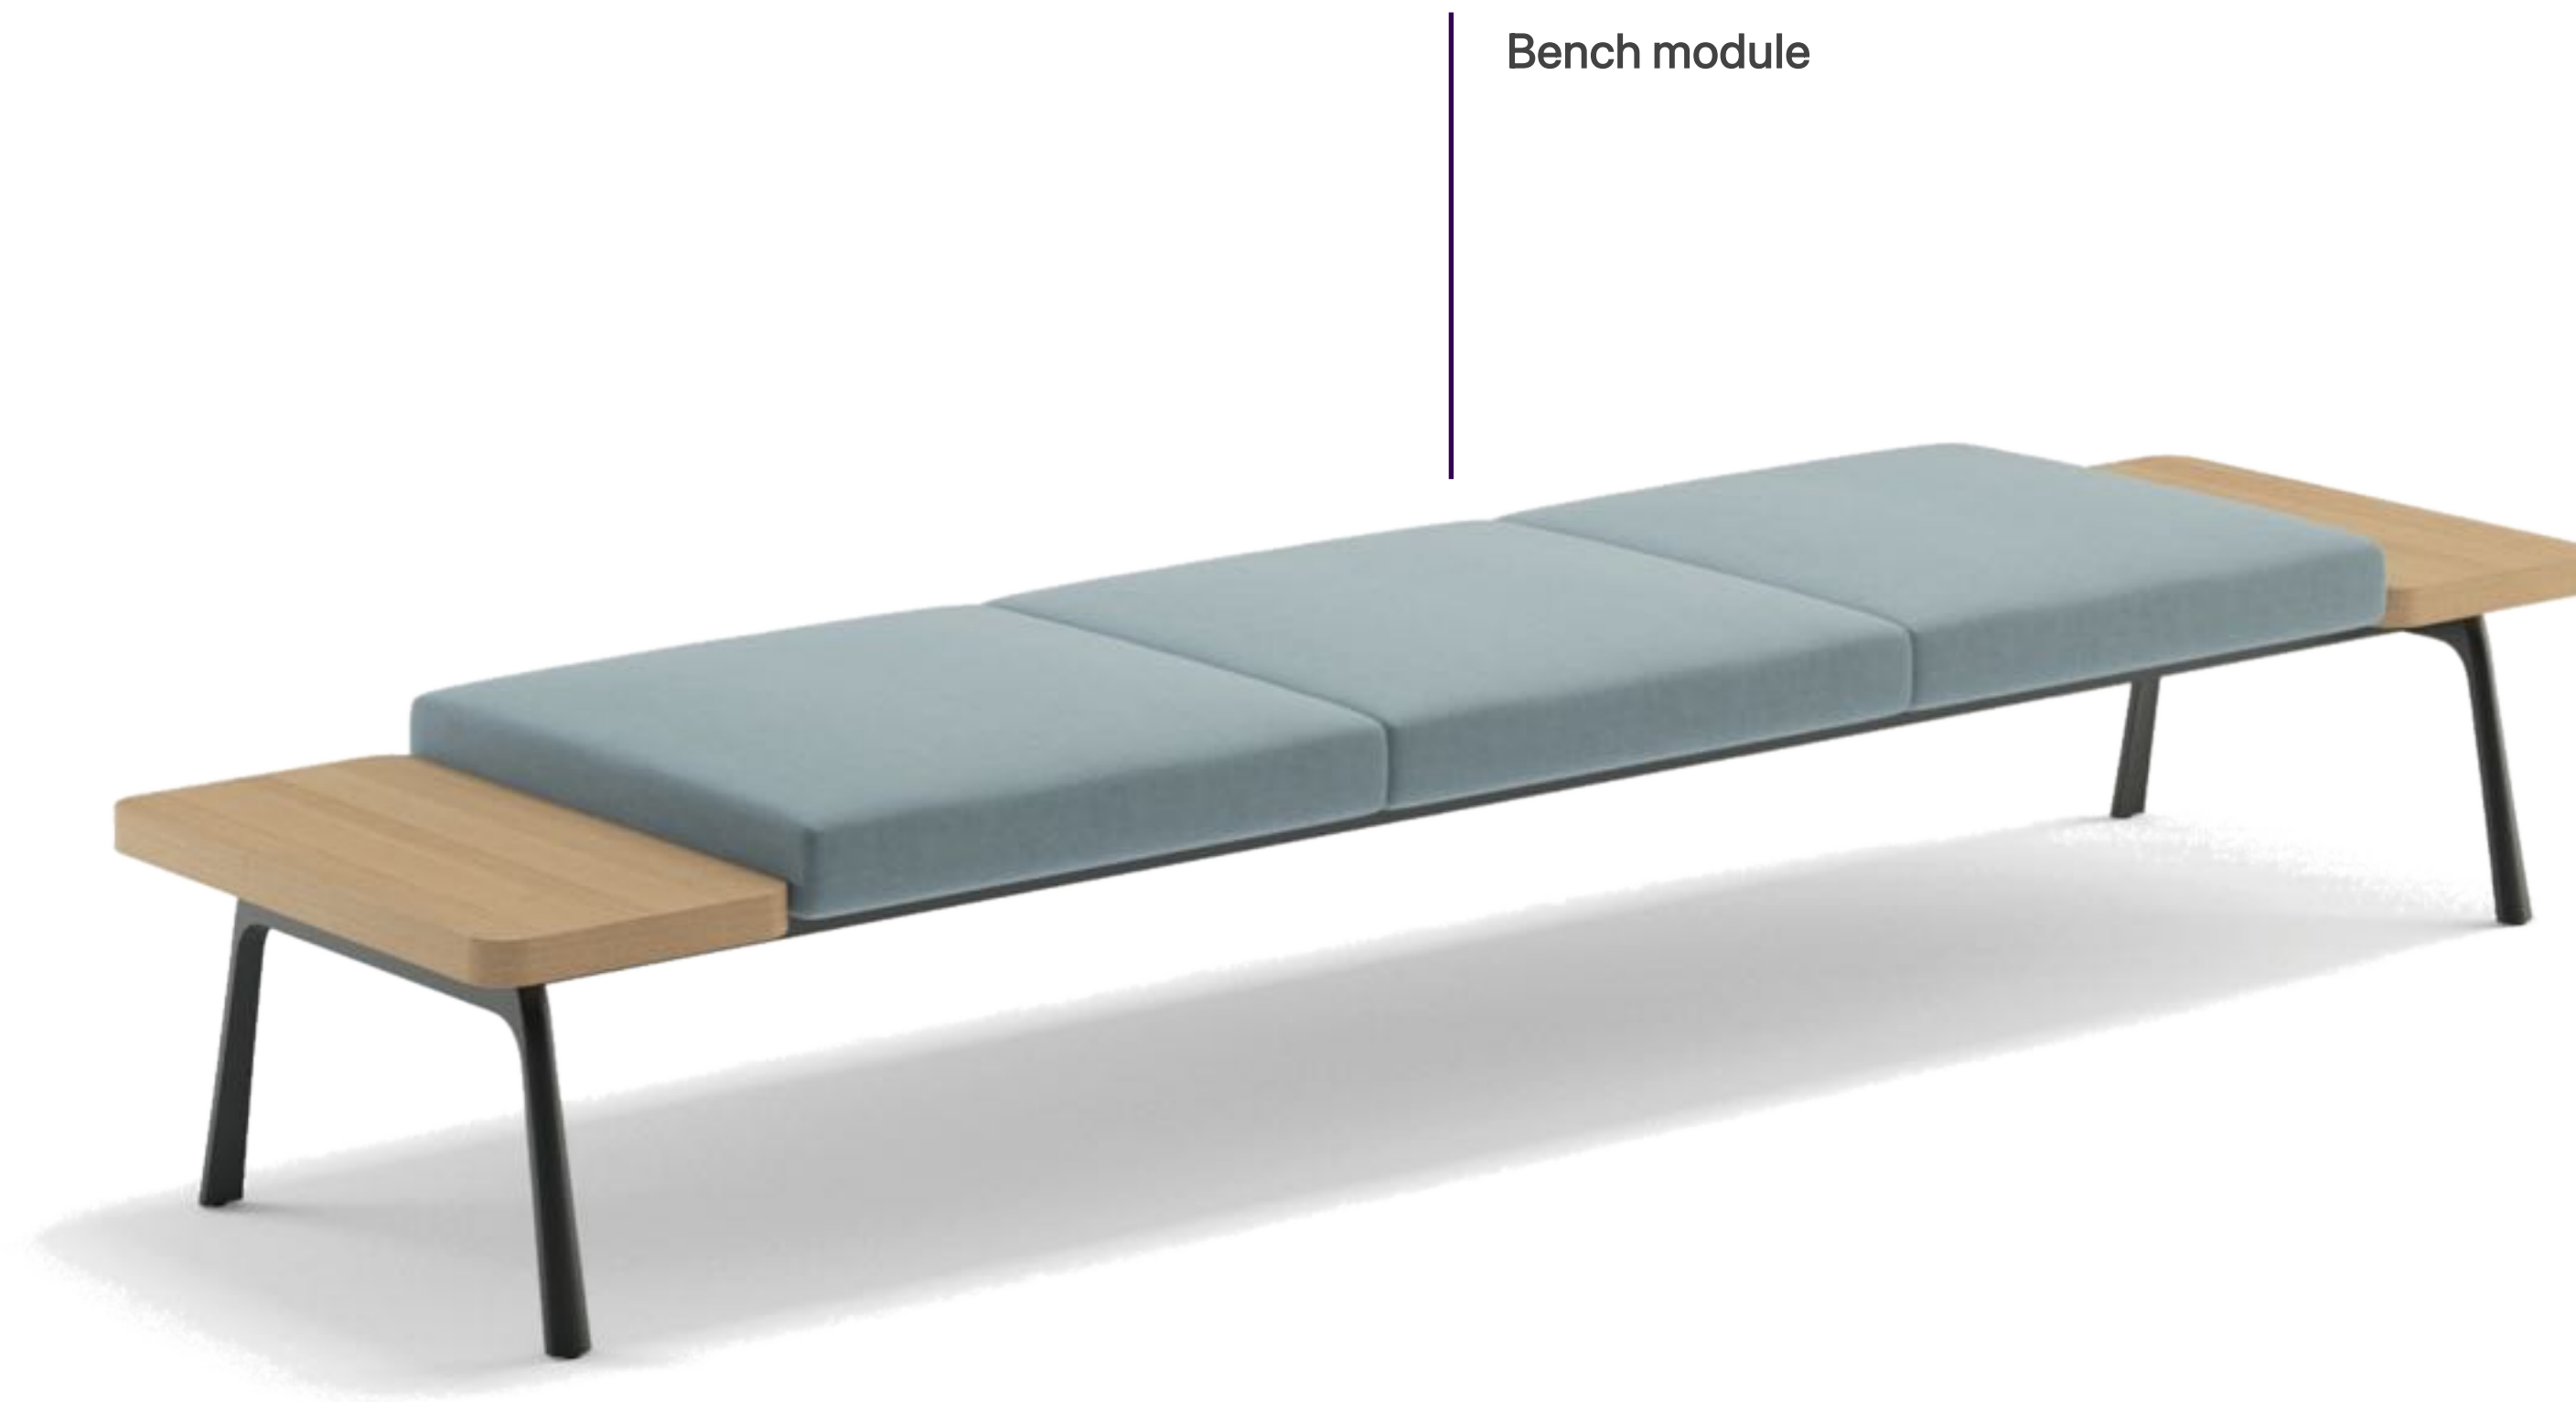

Universal Design

- Accessibility symbol embroidery
- Raised seat height (either on same beam, or beam specific)

Low Sensory

Designed to decrease sound and create a privateer environment

Altitude

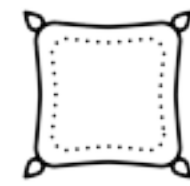

Workplace

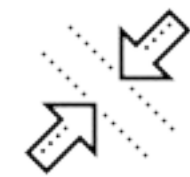

Designed with space saving in mind.

2410mm

Added comfort in comparison to traditional beam seating

For every 4 seats, Altitude sofa adds only 24cm length - that's just 6cm per seat

2653mm
